Product	Fixed Magnetic Double Sided Whiteboard on Mobile Stand
Board Dimensions	The board dimensions in the product descriptions are approximate. The exterior dimensions of this product is +10mm on the width and +10mm on the height. All tolerances are +5mm/-5mm. Any precise overall measurements can be requested through customer services at time of ordering.
Certificates and Standards	EN ISO14001: 2004 BS6250 – Part 3 Resistance to Heat / Blistering BS3900 – Part D5 Surface Gloss Levels (Erasability) BS5669 – Part 2 Boards Construction / Composition BS3962 – Part 6 Resistance to Wear and Scratching
Care and Maintenance	<p>1. To prevent spreading the written ink, only wipe when it's completely dry. This is crucial with lacquered and printed boards because the solvents in the ink will cause damage to the board surface.</p> <p>2. Only wipe dry ink with a clean (!) felt or paper wiper suitable for whiteboards.</p> <p>3. Daily clean the board with cleaning spray to maintain a good erasability.</p> <p>4. NEVER use other cleaning agents than real whiteboard cleaners. Aggressive cleaners like Windolene will cause permanent damage to the board surface.</p> <p>5. When a wrong marker (flipchart marker, permanent marker) is used by accident: immediately clean the board with cleaning spray and a microfiber cloth. If that doesn't help, write over the written text with a whiteboard marker until it desolves. Clean the board with cleaning spray afterwards.</p> <p>Note! Some markers - even those of renowned brands- are poorly erasable.</p>
Guarantee	Subject to proper use in accordance with the care and maintenance instructions: 10 years surface guarantee

Product Code	Description	Size cm (w x h)	Weight kg (unpacked)	Weight kg (packed)
MCC205	Fixed Magnetic D/S Whiteboard on mobile stand	90 x 120 cm	18.55	21.45
